Dear Resident,

We know the recent flooding along London Road has been a huge concern. Unfortunately, this is not an isolated issue, with many recent and similar issues across Milton Keynes a result of heavy rainfall.

As your local Conservative ward team, we are continuing to call for investment to protect our area from flood damage.

We are writing to let you know that, in this year's Local Council budget, we have asked for £140,000 of investment for much needed flood alleviation work on London Road. **We will now be pressing the Labour-run Council to accept our budget proposal.**

It is vitally important that we invest in and modernise our flood defence infrastructure to safeguard your homes from the threat of flooding in the future.

Whatever the issue, **please don't hesitate to get in touch with us.** We continue to campaign for better waste services, more action on litter, graffiti, fly-tipping and potholes, and many other issues that affect our community.
